REQUEST FOR PROPOSALS

NORTHWEST MISSISSIPPI REGIONAL MEDICAL CENTER
Rural Health Transformation Initiative

Northwest Mississippi Regional Medical Center (NWMRMC) has been awarded **funding through the State of Mississippi's Rural Health Transformation Initiative** to support efforts designed to strengthen healthcare delivery, modernize critical healthcare infrastructure, and improve access to quality healthcare services for residents of Clarksdale, Coahoma County, and the surrounding Mississippi Delta communities.

As part of this initiative, **Northwest Mississippi Regional Medical Center is soliciting proposals from qualified vendors, firms, organizations, and/or consultants** to provide services, expertise, equipment, technology, planning, and other support, as applicable, for the following funded projects:

NWMRMC Connected Care Infrastructure Modernization Project – An initiative focused on a comprehensive technology initiative designed to improve cybersecurity, network reliability, data access, and overall healthcare operations. This includes modernization of network infrastructure, wireless systems, virtual server environments, technology equipment replacement, and the recruitment of an information technology support professional

Delta Cardiovascular Network – A project designed to modernize cardiovascular diagnostics through the implementation of a **centralized Cardiology Picture Archiving and Communication System (PACS)** to enhance the management, accessibility, and sharing of cardiovascular diagnostic imaging and information.

Delta Maternal Newborn Access Preservation and Modernization Initiative – A planning and readiness project focused on the **future of Labor and Delivery services at NWMRMC**, including efforts to evaluate, strengthen, preserve, and modernize maternal and newborn care for the communities served by the hospital.

Interested parties should submit proposals in accordance with the requirements established by NWMRMC for the applicable project. Proposal requirements may include qualifications and relevant experience, proposed scope of services, implementation approach and timeline, detailed cost proposal, references, and other information demonstrating the respondent's ability to successfully complete the proposed work.
